**£5 million contract for Fowler McKenzie**

A £5 million contract has been secured by Fowler McKenzie Ltd, Cladding Specialists and Consultants, Aberdeen, to develop the design and install Roofing, Rainscreen and Rainwater Management System to 8 of the 10 schools which form the Highland PPP2 Scheme. The contract from Morrison Construction follows the successful completion of over £3 million of work carried out for Morrison's during 2005.

Les Fowler, Managing Director at Fowler McKenzie commented "This latest award will ensure continuity for our workforce well into 2008 and further strengthens the relationship developed with Morrison Construction over the 5 years our company has been in existence. In anticipation of this award we have strengthened our management team and will add additional site operatives as the schools come on stream".
